RELEVANT EXPERIENCE

Mild Mannered and Timid - Junior Creative Production Manager | Los Angeles, CA

July 2024 – Present

- Identified need, designed and developed a company website and project management system from concept to launch, a strategic positioning that directly aided in building 3+ potential client relationships.
- Used engagement analytics (view duration, click-through, play rate) and market research to redirect content strategy, driving 10,000+ views in two weeks.
- Led post-production strategy and storytelling for feature doc about Bengali sculptors and Durga Puja traditions.

Freelance Journalist, Artist, Creative, Strategy Consultant | Chapel Hill, NC

July 2026 – Present

- Independently directed and produced a music video for Singapore-based artist Heema Izzati and developed brand identity for a Durham-based fashion brand Poor Dad, managing production from concept through final cut.
- Collaborated with the Poor Dad founding team to develop brand identity and content strategy across campaign assets.
- Collaboratively connected a Bengaluru-based artist and small-business entrepreneur with a counterpart in Boston to work across markets and cultures.
- Published written work in Visala Andhra, Daily Tar Heel, and Monsoon Magazine.
- Student ambassador leading logistics and media coverage at ConvergeCon, the first collegiate AI conference.

Yuwa x Melodie - Founder, Mentor, Music Teacher | India and Cary, NC

December 2021 – December 2025

- Founded and led a mentorship and music program for girls in Jharkhand, India, independently building a network of tutors, peers, and musicians; mentees are now enrolled in colleges across India and abroad and learned 5+ songs.

North Carolina Youth Classical Arts for Charity - Co-President | India and Cary, NC

September 2019 – September 2024

- Co-led an organization of 100+ youth performers and 15 youth board members, annually producing a Carnatic-music charity concert festival that raised \$10,000+ in a single year for Yuwa and \$30,000+ cumulatively for 3+ organizations.

Blue Sky Innovations/Robotics - Innovation Fellow | Chapel Hill, NC

August 2024 – December 2025

- Defined roadmap and led R&D on a robotics product initiative from concept through 100+ tested iterations.
- Innovated a new data collection technique for computer vision model cutting estimated time-to-completion by 40%.
- Scaled VR programming (Meta, Pico, 3D Vista) to reach 3,000+ underserved students, iterating the experience based on structured user feedback and prioritizing accessibility.

Fidelity Investments - Software Engineer Intern | Durham, NC

June 2025 – August 2025, June 2026 – August 2026

- Owned end-to-end delivery of a feature streamlining client SSO connection setup across a large-scale enterprise codebase, coordinating testing across multiple environments to reach production readiness.
- Evaluated and conceptualized use cases for generative AI tools including Runway, SORA, Flow, Krea, and Marie for Fidelity Center for Applied Technologies' marketing and creative workflows.
- Delivered weekly briefings on frontier AI model launches and policy shifts, built through independent research and meetings with security leaders, to help harden the product's defenses ahead of emerging threats.

PROJECTS

Since 20/20 - Creative Director, Developer | **National Hearst Multimedia Journalism, 3rd place Nationally**

[View](#)

- Independently produced a short film, AR simulation, game, and gallery in 3 days telling the story of a blind photographer using emerging technologies for Hearst Championships — the collegiate equivalent of the Pulitzer Prize.

Whatif? | Product, Creative Technology Lead

- Defined and prototyped an AI-driven generative art system exploring computational creativity
- Secured \$2,150 in funding to deliver MVP and evaluate AI as a creative medium
